

# 30 Cable tray right angle bend

## Overview

---

This aluminum cable tray vertical bend-out is designed for efficient and reliable cable management in industrial and commercial applications.

Authenticated: The product is verified as being authentic; however, this does not guarantee the condition or fit for purpose of the product. Horizontal Bends for Cable Trays are key components that allow for smooth directional changes in cable routing systems. All types and widths of tray are available as fittings with the Cope-GLAS Cable Tray System.
