#CableTrayInstallation " #cabletray #cablebox Learn the fastest way to hang & fix a 300mm cable tray T-joint! Perfect for electricians & engineers. OBO BETTERMANN has offered products and solutions for electrical installation for over 100 years. With our many years of experience, we are one of the leading manufacturers in this field. Cable trays are components used in the wiring of buildings to support insulated cables and organise them to be hidden from view. With the RS 60 cable tray installation system, we offer you the last installation type of the standard support construction, so that you can implement all installations required in the building project with circuit integrity maintenance on the basis of the standard support construction.
