

# 8-port aggregation switch H3C

## 8-port aggregation switch H3C

---

# H3C S6530X Series Advanced Aggregation 25GE IRF2 Virtualization

---

H3C S6530X series switches provide industry-leading high performance and scalable aggregation switching solution developed by H3C using ASIC technology with modular dual power, fixed uplinks

## H3C S6530X-48Y8C

---

The H3C S6530X-48Y8C is engineered for a common enterprise modernization path: dense, multi-rate 25G aggregation paired with 8× 100G uplinks. It combines this with robust resiliency

## **H3C S1850V2-10P-EI (9801A418), 8 Port Giga with 2 X**

---

The H3C L2 Managed Gigabit Switch offers enhanced network performance with 8 Gigabit Ethernet ports, increased bandwidth, and smooth traffic flow. It features a

## **Support**

---

Configuring Ethernet link aggregation Overview Ethernet link aggregation bundles multiple physical Ethernet links into one logical link, called an aggregate link. Link aggregation has the following

## **H3C S6530X Series Advanced Aggregation 25GE Switches**

---

H3C S6530X series switches provide industry-leading high performance and scalable aggregation switching solution developed by H3C using ASIC technology with modular dual power, fixed uplinks

## Switches-H3C

---

Feature Ultra-wideband: 400 G Based on the industry-leading 400 G platform, H3C S12500R supports a maximum 48-port 400 G forwarding performance in a single slot.

## H3C S6530X Series

---

H3C S6530X series switches provide industry-leading high performance and scalable aggregation switching solution with modular dual power, fixed uplinks (40GE/100GE) and IRF for resiliency. The

## Support

---

Configuring Ethernet link aggregation Overview Ethernet link aggregation bundles multiple physical Ethernet links into one logical link, called an aggregate link. Link

## H3C SMB-S5008PV2-EI Ethernet Switch 8-port Full Gigabit Smart

---

Switch Capacity:192Gbps Brand Name: H3C Model Number:SMB-S5008PV2-EI Place of Origin:Guangdong, China Warranty:1year Dimensions (W x D x H):266\*162\*44mm Packaging &

## Product Iteration Summary of Data Center Switches-H3C

---

H3C UniServer R6900 G6 Tops SPEC Performance Test H3C UniServer R6900 G6 server,

running a full load of 777 high-load virtual machines, achieved a performance score of 13,880

## H3C S6530X

---

H3C S6530X series switches provide industry-leading high performance and scalable aggregation switching solution with modular dual power, fixed uplinks (40GE/100GE) and IRF for resiliency.

## H3C S5590-EI Series Converged Gigabit Switches- H3C

---

H3C S5590-EI series switches are a new generation of high-performance, high-port density, high-security Layer 3 Ethernet switches developed by H3C Technology

## **H3C S6530X-48Y8C Review (2026): 48×25G + 8×100G Aggregation**

---

The H3C S6530X-48Y8C is built for the most common enterprise modernization lane: dense multi-rate SFP28 access/aggregation with 8× 40/100G uplinks, plus resiliency patterns (IRF2 /

## **H3C ES4200 Gigabit Switch Series-H3C**

---

Multi-type port access Ethernet fiber port and copper port capability offers customers flexibility. Offers 4-port PoE, 8-port non-PoE and PoE, 16-port non-PoE and PoE switches and all ports support line-rate

## **H3C S6530X-48X8C 48x10G SFP+ 8x100G QSFP28 L3 Switch**

---

Deploy H3C S6530X-48X8C for high-density 10G aggregation and 100G uplinks, advanced Layer 3 routing, and carrier-grade reliability in campus or DC cores.

## UniFi Switching

---

Intuitive Port & VLAN Management Global Switch Configuration Centralized Remote Management MC-LAG Multi-Chassis Link Aggregation (MC-LAG) pairs two

## H3C S9857 Series Data Center Switches

---

High port density and powerful forwarding capacity The S9857 switch supports high-density 800GE/400GE ports, with powerful forwarding capabilities, supporting a maximum of 8 x 800GE

## H3C S6520X-SI Series 10GE Layer 3 Runrate Switch- H3C

---

One key device replacement: in case of one switch failure, the new added same type switch can download the same configuration and work as old switch immediately

## H3C S6530X Series Advanced Aggregation 10GE Switches

---

It provides up to 48/24\*1GE/10GE autosensing SFP+ ports and 8\*100G ports. The switch supports modular power modules and fan trays. By using different fan trays, the switch can provide field

## Support

---

Configuring Ethernet link aggregation About Ethernet link aggregation Ethernet link aggregation bundles multiple physical Ethernet links into one logical link (called an

aggregate link). Link aggregation

## H3C S6520X-HI Series

---

Using the switch in conjunction with H3C IMC, you can manage and monitor online users in real time and take prompt action on illegitimate behaviors. The switch offers a large number of inbound and

## H3C S6890 Switch Series Ethernet Link Aggregation Configuration

---

Configure Layer 2 aggregate interface Bridge-aggregation 1 as a trunk port. Assign the aggregate interface to VLAN 10 and VLAN 20.

## H3C S5580X-HI Series Switches

---

In the campus network, H3C S5580X-HI series switches can be used as aggregation layer equipment, or as the core of small and medium-sized enterprises; downward can provide high-density GE

## H3C S6530X Series Advanced Aggregation 25GE Switches Datasheet

---

Product Overview H3C S6530X series switches provide industry-leading high performance and scalable aggregation switching solution with modular dual power, fixed uplinks (40GE/100GE) and IRF for

## H3C S6530X Series

---

Product Overview H3C S6530X series switches provide industry-leading high performance and scalable aggregation switching solution with modular dual power, fixed uplinks (40GE/100GE) and IRF for

## **H3C S5570S-EI Series High Performance Intelligent Ethernet Switch**

---

H3C S5570S-EI series switches are mainly positioned at the access layer and aggregation layer of enterprises and campuses, meeting high-density Gigabit access, fixed 10 Gigabit uplink ports,
