

AI Server Capacity Status

Overview

Real-time status monitoring for all major AI services including OpenAI ChatGPT, Anthropic Claude, Google Gemini, and more. By subscribing you agree to our Privacy Policy, the Atlassian Terms of Service, and the Atlassian Privacy Policy. Welcome to Microsoft Foundry's home for real-time and historical data on system performance. Availability metrics are reported at an aggregate level across all tiers, models and error types. High-capacitance Multi-Layer Ceramic Capacitors (MLCCs) are entering a period of restricted availability as tier-one manufacturers divert production lines to support the rapid expansion of artificial intelligence infrastructure. Market Size by Server, by Hardware, by Cooling Technology, by Deployment, by Application, by End Use.

AI Server Capacity Status

AI Server Market Size & Share, Statistics Report 2025

The AI server market was valued at USD 128 billion in 2024 and is expected to grow at a CAGR of 28.2% between 2025 and 2034, driven by the explosive enterprise

AI data center growth: Meeting the demand , McKinsey

Demand for AI-ready capacity is the main driver of this potential deficit--as it must provide the high computational power and power density

Spot instance availability map

Spot Instance Availability Map This map displays real-time Spot instance interruptions, insufficient capacity events, and pricing across AWS, Azure, and GCP.

AI Status

Live status monitoring for ChatGPT, Claude, Gemini, DeepSeek, Llama, Mistral, Grok and more. Real-time outage alerts, trending AI models by usage, and Open LLM Leaderboard benchmarks.

Majestic Labs nabs \$100M to build AI servers with 1000x

Majestic's core breakthrough is an AI server that delivers 1000x the memory capacity of a top-tier GPU, consolidating what would typically require ten

OpenAI Status

We're not aware of any issues affecting our systems. Availability metrics are reported at an aggregate level across all tiers, models and error types. Individual customer availability may vary depending on

High-Capacity HDDs for PCs, NAS, Gaming, Data

AI data centers = data systems AI doesn't just use data--it creates it. Driving innovation responsibly Our FY25 Annual Sustainability Report. A strategic shift for

Sora Unusable due to Server Capacity Limit

Can't create videos for past two days. Always, sora displays this error: Unable to generate Service at capacity, please try again later

AI Status

Real-time status monitoring for all major AI services including OpenAI ChatGPT, Anthropic Claude, Google Gemini, and more. Check if AI services are down and get instant outage alerts.

Azure status

Welcome to the new Azure status page. Don't forget to update this page in your bookmarks. Learn More. Azure status. This page is only used for widespread incidents.

Google's Server Capacity Has Reached Its Limit: Complete Fix Guide

When Google returns "server capacity has reached its limit," it actually means one of three completely different things, and the fix depends entirely on which type you have. As of

MLCC Shortages Return as AI Server Demand Strains Capacity

High-capacitance Multi-Layer Ceramic Capacitors (MLCCs) are entering a period of restricted availability as tier-one manufacturers divert production lines to support the

rapid expansion

AI Server Market Size & Share, Statistics Report 2025

AI Server Market Size A comprehensive report by Global Market Insights Inc. projects the global AI server market was valued at USD 128 billion in 2024. The

Global AI Server Shipments Forecast to Grow Over 28

North American CSPs' continued investments in AI infrastructure are expected to increase global AI server shipments by more than 28% YoY in 2026,

60+ AI Compute Demand Stats (2026) Spend, Servers,

Here we have compiled 60+ latest AI compute demand statistics on spending, server growth, supply constraints, data center capex and electricity

Check the status of the most popular AI platforms
