

Belgian optical fiber cable

Overview

Belgium continues to see a strong demand for optical fiber cables, with key exporters such as the USA, Japan, UK, Germany, and Denmark dominating the market in 2024. The high Herfindahl-Hirschman Index (HHI) indicates a concentrated market landscape. Since 1964, Belram has been a leading Belgian and Luxembourg distributor of connectors, cables, interconnection systems and accessories for professional power, control, data, audio, video and lighting applications. Farnell's fibre optic cables are engineered to provide high-speed, high-bandwidth data transmission over long distances with minimal signal loss. Ideal for telecommunications, data centres and networking applications, our fibre optic cables are available in single-mode and multimode configurations. Optical fibre is used for various kinds of connections, see also the page on the possibilities offered by fibre. Multimediam offers its expertise to educational institutions and non-profit organizations, SMEs &.
