

Cable tray cut at any angle

Overview

Field cut the cable tray/ladder based on the desired angle to be made to fit with the installation. Hubbell's NEXTFRAME® Ladder Tray is the effective and widely used cable runway that supports and delivers bundles of cable between cabinets, racks, and closets, along walls, and suspended from ceilings. Choosing the right equipment will make your work faster, safer, and more accurate. The mechanical and electrical characteristics, tests, certifications, overall quality management, recommendations mentioned in this technical guide only apply to our own cable management ranges and cannot under any circumstances be transposed to silicone, overheating or. With an innovative dove tail splice design, Eaton's B-Line series KwikSplice cable channel is designed for fast installation, reduced complexity and improved versatility.
