

# Cable tray support equipment

## Overview

---

This guide covers cable ladder systems, cable tray systems, channel support systems and associated supports intended for the support and accommodation of cables and possibly other electrical equipment in electrical and/or communication systems installations. When developing our cable support OBO can offer reliable solutions for systems, three attributes are at the routing and fastening cables securely core of what we do: efficiency, resilience for each of these installation challenge-ience and safety. Our cable trays are produced in fit for purpose materials like stainless steel, galvanized, aluminium and fibreglass (FRP/GRP) composites to suit any project type both offshore and onshore. Cable ladder systems and cable tray systems shall be manufactured in accordance with BS EN 61537, channel support. Sizes and designs can be individually selected and special dimensions are available on request. Are you looking for high-quality Cable Trays for improved cable management and organisation?

Look no further than our extensive range, featuring top brands such as our very own RS PRO, Cablofil International, Legrand, and StarTech.
