

Cable trays troughs can be customized

Overview

Sets of metal cable trays can be customised by request with numerous size, material and surface treatment options. Cable trays are managed in different versions for steel thickness, section geometry, dimensions, drilling. Whether specifying a major new project, refurbishing existing facilities or doing the engineering, procurement and construction (EPC) for your end user, with T&B Cabletray, ABB offers reliable solutions designed conforming to ASTM A123 & ISO 1461 : m. We engineer, manufacture, and deliver custom cable management trays built to your exact dimensions and specifications. Cable trays, otherwise known as cable ducting, are standardized systems for organizing and managing cables and wires in electrical systems.

Cable trays troughs can be customized
