

Communication hanging optical cable seat plate

Overview

Designed to give a reliable support to hanging wires of Cat 5, 6, 7, and other communication cables. Corning has a wide variety of hardware solutions to choose from to fit your cabling needs. For applications requiring both voice grade and coaxial access, OCC created a line of smooth standard-size flush mount plates with jacks and/or f-connectors in a sing-gang format. All of these wallplates install easily into standard electrical boxes and offer 110-style terminations for easy. Number of ports is either 1 or 2 and styles include Bezel Insert, Decora, Faceplate, Outlet Wall Plate, Round and Standard.
