

Dimensions of a 25A Distribution Box

Overview

It describes HA, HK, and LGD series boxes with dimensions ranging from 100-415mm in length, 105-323mm in width, and 75-140mm in height. No matter how harsh the environment is, there is always a proper enclosure for your needs. Thanks to protection ratings and high quality ble (from 65 x 65 mm up to 361 x 254 mm) plus 3 different cover heights are available. The National Luna DC25 Distribution Box is ideally suited to fixed installations such as trailers, caravans and campers where the auxiliary batteries are separated from the charge system. Our mission is to meet customer's expectations by providing satisfaction through cost, quality, service, delivery and continuous improvement. ABB Mini Center Compact distribution board is the basis for development and growth in meeting all the demands for a successful future in residential.
