

EU Dual Power Distribution Box Manufacturer

Overview

The enwitec Power Backup Dual EU is an innovative grid switching box for off-grid capable battery and hybrid inverters with two AC outputs ("Grid" and "Backup"). For IEC-based low-voltage assemblies, the current framework is IEC 61439, which replaced IEC 60439, and enclosure protection language remains defined through IEC 60529. For Australia and New Zealand, SAA Approvals certifies electrical equipment to applicable AS/NZS standards. Among our distribution boxes you will find the smart and practical solution for your project or business. Established in 1998, DKC Group has become a leading manufacturer of cable tray systems and energy protection, transport and distribution solutions for civil and industrial infrastructures. Combined with the strategic acquisition of major Italian companies, the desire for growth and the changing.
