

Fixing bracket on the back of the distribution box

Overview

Simply slide the bracket to the width required and snap both ends of the bracket to the stud and secure with screws. Plus, the BBA and BBA-4 box mounting brackets easily snap onto the BBT-HF bracket and accept 4", 4-11/16" and 5" electrical box sizes. With this structure, we can install the components of irregular heights easier and faster. They are available in different shapes depending on where they are mounted and the objects they hold. The RSWB simply adjusts to fit between uprights in wood or metal partition walls. □Durable Back Box Saver for Long-Term Stability□Switch Socket Screw Hook is made of high quality material.
