

# How to dispose of cable tray connectors

## Overview

---

Many big-box stores, like Best Buy, have designated drop-off locations for e-waste, where you can safely dispose of old cables, chargers, and other electronics. Local recycling centers are also great options and often accept a variety of wire types. Cable tray disposal is an essential but often overlooked aspect of managing infrastructure in electrical and communication systems. As cable trays near the end of their life cycle or are damaged beyond repair, proper disposal becomes critical. With e-waste piling up at over 62 million tons globally each year, responsibly recycling these items is more important than.
