

Huawei 576-core optical fiber junction box

Overview

576 core outdoor waterproof dome optical fiber junction box wall/pole mounting has 16 circular cable entry hole and one oval hole, adopt the heat shrinkable seal, Can be used for aerial, pole and wall mounting; Good sealing performance, simple installation, it is the best. An active optical cable (AOC) is a fixed-length optical fiber with optical modules at both ends. The ODC series SMC Optical Fiber Cross Connection Cabinet is used for optical cable connection, distribution and management in outdoor fiber networks. 720 core odf fiber distribution hub FTTX 576 Cores Fiber Optic Cable Cross Connect Cabinet Communication equipment Feature metal material used ensures the body strong and light. Fiberlink's Fiber Optic Splice Closure (FOSC) are made of high density reinforced PC material.
