

# **Huijue Indoor Multipurpose Branch Optical Cable**

## Overview

---

The multi-purpose branch cable utilizes single-core optical cable (with 900µm tight-buffered optical fiber and aramid strength member) as subunits, with a non-metallic central strengthening core. Easy-Strip Jacket: The easy-peel design allows for quick and damage-free stripping, increasing the efficiency of manual wiring by 40%. Aramid Yarn Reinforced: Reinforced with aramid yarn, this cable provides high tensile strength ( $\geq 1000\text{N}$ ) and bend resistance, ensuring durability and reliability in. FiberHome provides complete solutions for the integration of telecommunication networks on outdoor application, including long haul backbone network, metropolitan area network, access network and other special communication application.
