

Kenya cuts fiber optic cable

Overview

Nairobi County officials have cut fibre optic cables from Kenya Power's utility poles, disrupting internet services for businesses, schools, and homes as tensions escalate over an unpaid electricity bill of \$23. The Technology Service Providers Association of Kenya (TESPOK) has issued a sharp rebuke against the destruction of critical ICT infrastructure by Nairobi County Officials amid its spat with utility firm, Kenya Power. The crackdown started Tuesday morning and aimed to disconnect internet cables installed without the county's approval.
