

Latvian Optical Cable Specialist

Overview

The leading Fiber Optic Cable Manufacturers in Latvia are listed in this directory. Currently SIA "Fiber Optical Solution" has a set-up production process for navigation grade Fiber Optic Gyroscopes (FOG) as well as FOG based Inertial Measurement Units (IMU) and Strapdown Inertial Navigation Systems. We develop and manufacture optical fibers and fiber optic systems for demanding applications in industry, medical technology, and research. From preform to application-ready OEM solutions, every component is produced in-house - enabling precise, reliable, and seamlessly integrated fiber solutions. OSL has 26 skilled employees, which include 6 dedicated engineers and over 415 square meter of manufacturing, coating and quality control facilities.
