

# **Moxa Gigabit Optical Switch**

## **Moxa Gigabit Optical Switch**

---

### **EDS-G512E Series**

---

The EDS-G512E Series is equipped with 12 Gigabit Ethernet ports and up to 4 fiber-optic ports, making it ideal for upgrading an existing network to Gigabit speed or

### **Ethernet Switches**

---

Moxa provides a wide range of PoE/PoE+ switches with up to 48-port fiber optic Gigabit PoE+ ports and up to 60 W output per port to deliver high-speed data

### **ICS-G7748A/G7750A/G7752A/ Award-winning**

## Product G7848A/G7850A

---

Introduction Up to 48 Gigabit Ethernet ports plus 4 10G Ethernet ports > Up to 52 optical fiber connections (SFP slots) > Fanless, -10 to 60°C operating temperature range  
Modular design for

## TSN-G5008 Series

---

The TSN-G5008 Series switches are ideal for making manufacturing networks compatible with the vision of Industry 4.0. The switches are equipped with 8

## Layer 2 Smart Switches

---

Moxa's smart switches simplify daily tasks with easy configuration, quick installation, and field-site monitoring. Designed for easy connections, SCADA/HMI monitoring,

## **Optical Transceiver Manufacturer, MOXA EDS-510E**

---

The switch is equipped with 3 Gigabit Ethernet ports and has strong flexibility to build a Gigabit redundant ring network and a Gigabit uplink. EDS-510E uses USB

## **IMC-21A Series**

---

The IMC-21A industrial media converters are entry-level 10/100BaseT(X)-to-100BaseFX media converters designed to provide reliable and stable operation in

## **Moxa EDS-518A 16 Port + 2GB or SFP Managed GB**

---

The EDS-518A is a standalone 18-port managed Ethernet switch that provides 2 combo Gigabit ports with built-in RJ45 or SFP slots for Gigabit fibre

## **IMC-P21GA-G2 Series**

---

IMC-P21GA-G2 PoE+ Gigabit Ethernet-to-fiber media converters are designed to provide reliable and stable 10/100/1000BaseT(X)-to-100/ 1000Base-SX/LX or

## **EDS-4008 Series**

---

The EDS-4008 Series features 8-port managed Fast Ethernet switches with options for four 1 Gbps uplink ports or two 100M fiber-optic ports. Some models include

## **ICS-G7750A Series**

---

The ICS-G7750A Series full Gigabit backbone switches' modular design makes network planning easy, and allows greater flexibility by letting you install up to 48

## **EDS-G4014 Series**

---

The EDS-G4014 Series is equipped with eight Gigabit Ethernet ports and six 2.5 Gbps fiber-optic ports, making it ideal for upgrading an existing network to Gigabit

## **EDS-518A Series**

---

The EDS-518A standalone 18-port managed Ethernet switches provide 2 combo Gigabit ports with built-in RJ45 or SFP slots for Gigabit fiber-optic communication.

## Ethernet-to-Fiber Media Converters , Moxa

---

Moxa's Ethernet to Fiber media converters feature innovative remote management, industrial-grade reliability, and a flexible, modular design that can fit any type of

## Ethernet Switches

---

Moxa provides a wide range of industrial Ethernet switches that feature industrial-grade reliability, network redundancy, strengthened security, easy management,

## EDS-G308 Series

---

The EDS-G308 switches are equipped with 8 Gigabit Ethernet ports and up to 2 fiber-optic ports, making them ideal for applications that demand high bandwidth.

## **ICS-G7526A Series**

---

Process automation and transportation automation applications combine data, voice, and video, and consequently require high performance and high reliability. The

## **IKS-G6524A Series**

---

Process automation and transportation automation applications combine data, voice, and video, and consequently require high performance and high reliability. The

## **Moxa EDS-518A 16 Port + 2GB or SFP Managed GB**

---

Introduction The EDS-518A is a standalone 18-port managed Ethernet switch that provides 2 combo Gigabit ports with built-in RJ45 or SFP slots for Gigabit fibre

## **Moxa ICS-G7528A Series Managed Rackmount Gigabit Switches**

---

The ICS-G7528A Series full Gigabit backbone switches are equipped with 24 Gigabit Ethernet ports plus up to 4 10 Gigabit Ethernet ports, making them ideal for large-scale industrial networks.

## **IMC-101G Series**

---

The IMC-101G industrial Gigabit modular media converters are designed to provide reliable and stable 10/100/1000BaseT(X)-to-1000BaseSX/LX/LHX/ZX media

## **Managed full Gigabit Ethernet switch with 8**

## **10/100/1000BaseT**

---

The EDS-G512E Series is equipped with 12 Gigabit Ethernet ports and up to 4 fiber-optic ports, making it ideal for upgrading an existing network to Gigabit speed or building a new full Gigabit backbone.

## **Layer 3 Managed Switches**

---

Moxa's Layer 3 managed switches feature industrial-grade reliability, multicast availability, and security enhancements based on the IEC 62443 standard. We

## **SFP Modules**

---

Moxa's small form-factor pluggable transceiver (SFP) Ethernet fiber modules provide 10 Gigabit, Gigabit, and Fast Ethernet in order to ensure coverage across a range

## Ethernet Media Converters

---

Moxa's industrial Ethernet media converters provide reliable and stable conversion of Ethernet data to fiber optic signals, even in harsh industrial environments.

## MOXA Serial-to-Ethernet Modules, Serial-to-WiFi Modules, 10 Gigabit

---

Moxa is a leading provider of edge connectivity, industrial computing, and network infrastructure solutions for enabling connectivity for the Industrial Internet of Things.

## EDS-G205 Series

---

The EDS-G205-1GTXSFP switches are equipped with 5 Gigabit Ethernet ports and 1 fiber-optic port, making them ideal for applications that require high bandwidth.

## Layer 2 Managed Switches

---

Moxa's Layer 2 managed switches feature industrial-grade reliability, network redundancy, and security features based on the IEC 62443 standard. We offer
