

Optical Cable Corrugated Steel Strip Machine

Optical Cable Corrugated Steel Strip Machine

Fiber Stripping , Komax

Fiber Stripping Semi-automatic fiber-stripping machines enable precise and efficient processing of coated, buffered, and jacketed glass fibers. Designed for reliability

50 mm strip armouring machine for armoured cables

50 mm strip armouring machine is used for the production of armoured cables and flexible conduits. It is suitable to armour building cables (MC & AC), ESP cable

Coaxial Cable Stripping Machine , Korisung

Semi-automatic&programmablemachinesforcoaxial,micro-coaxial,triaxial,semirigid, and conformable cables. Korisung's coaxial cable stripping machines

Reel Corrugated Bobbin For Stranding Machine/Steel

Product Description Corrugated steel bobbins are important in many industrial applications, particularly in the wire and cable industry. These bobbins are

Automatic Coaxial Cable Processing Machine , JCWelec

JCW-CS600C Automatic Coaxial Cable Cutting Stripping Machine The standard cable range of CS600C is 1.0 to 6.0mm diameter coaxial cable, we also supply

Cable Cut & Coiling Machines

Fiberlab > Portfolio > Cable Cut & Coiling Machines Cable Cut & Coiling Machines The EcoCut 3300 is designed to automatically cut all kinds of material including

FIBERLAB , UniStrip 2545

The UniStrip 2545 is mainly used for jacket stripping of fiber optic cables. The machine operates with extremely fast cycle times and features a universal blade

product catalogue

Our comprehensive range of machinery for the processing of cables, wires and

corrugated tubing extends from economy cut-to-length machines right up to fully-automatic converting lines. Thanks to

HH-400C Computerized Cut and Strip Machine for Coaxial Cable

Details About HH-400C Computerized Cut and Strip Machine for Coaxial Cable Product Features ? HH-400A/B/C are mainly used for multi

product catalogue

Developed for cable shield processing in hybrid and electric vehicles, this machine uses a unique process to provide complete cable shield processing: Opening the cable shield, cutting, folding down

HC-9600A Fully automatic coaxial cable cut and strip

Hechang machinery offers a high - quality fully automatic coaxial cable cut and strip machine. This advanced machine is designed to streamline the cable processing.

125 mm strip armouring machine for armoured cables

125 mm strip armoring machine is used for the production of armoured cables and flexible conduits. It is suitable to armour building cables

FBT-800 Automatic Fiber Optic Stripping Machine

Fibretool offers advanced, field-proven fiber stripping machines for efficient processing of coated, buffered, and jacketed glass fiber. The FBT-800 is a

Wire Cut and Strip , Komax

Our semi-automated cut and strip machines are built for precise, efficient processing of a wide range of cable types, from single and multiconductor to coax, ribbon,

Key Optical Fiber Manufacturing Equipment: A Complete Guide

Learn about key optical fiber manufacturing equipment like drawing towers, coating systems, and proof testers to optimize your production line.

Programmable Fiber Optic Cable Stripping Machine

The FiberOptic 7045 is a powerful, fully programmable stripping machine for the complete stepped processing of Glass Optical Fiber (GOF) cables. It handles s

Fiber Optic Strippers , Fiber Termination Tools

Fiber Jacket Stripper The Model F-JS2 Fiber Jacket Stripper can remove fiber jackets safely and efficiently to the diameters of 0.4 mm to 1 mm, leaving an

InternetCableData-corrugated steel tape armoured cable en

Prysmian Group Direct buried cables Draka installation Optical cable for direct buried Cable Design Central Strength Member (CSM). Loose Tube containing fibres and filled with a suitable water

Machines for the production of high and extra-high voltage cables

Extremely versatile metal tape-forming and welding technology for high- and extra-high voltage cables with smooth or corrugated tube design.

B-Series Breakout

Inner cable is a fully functional B-Series Breakout riser-rated cable High-performance components and construction Most rugged and easy to install cable design for

Indoor/Outdoor Armored Cables

The steel armor is easily removed with an internal ripcord, leaving a fully functional

intact riser rated inner cable, with original cable markings for identification UL

Automated Cable Solutions Ltd

We supply new Crimping equipment, Cut and Strip Machines, but also when available second hand Cut and Strip Equipment, Crimping Presses, and a variety

Cable processing solutions by FEINTECHNIK

Whether you are looking for a pneumatic wire stripping machine, a rotating wire stripping machine, an electric wire stripping machine, or you are interested in high

Bootlace Ferrules , Crimping Equipment , Wire

CST Automation specialises in supplying cost effective solutions to the electronics industry including crimping equipment, wire stripping machines and cut and strip

High performance wire and cable cut and strip machines

The MegaStrip 9680 is an automatic cut and strip machine for processing single core wires, multiconductor cables and shielded cables up to 35 mm (1.38") in outer

8KW Steel Strip Spiral Armoring Machine For Optic

Steel strip spiral armoring machine is used to produce a type of special optical cable, steel tape spiral armoured optical cable, include two type of machines: Steel wire

Schleuniger Cut & Strip Range , Production Technology Ltd

Schleuniger's high performance automatic cut & strip machines accurately process single conductor wire, multiconductor cable, shielded cable, coax cable, flat

CABLE

The answer for all cables used in panel building: crimping up to 4mm², cable preparation up to 35 mm² and 15 mm diameter and automatic of all wires with ink-jet or thermal transfer printing.

Wire Stripping , Komax

Komax Group's semi-automatic wirestripping machines handle wirestripping, jacket and shield processing, multilayer, laser, and fiber stripping. They offer high
