

Price of Concrete Structure Cable Trays

Overview

Basic cable tray systems cost \$3-15 per foot depending on type and material. Installation labor adds \$5-8 per foot to total project costs. Ladder trays typically cost 20-30% less than solid bottom systems. Bulk orders of 1000+ feet can reduce unit pricing by 15-25%. Regional variations exist. Tracey Concrete offers a robust and practical range of precast concrete cable troughs, built to protect vital services in modern infrastructure. Cable troughs and ducts provide easily accessible and an affordable but sustainable solution to rail. Cable tray installation cost per meter varies by specifications; GangLong Fiberglass offers kits for raised floor system and facility needs. Cable trays will tend to be significantly less expensive to use in 2026 than metal pipes due to their faster installation. This guide breaks down everything buyers need to know, from price trends to cost-saving tips.
