

Pricing of Home Network Cabinet Layout

Overview

The good news is that network cabinet prices range from as low as \$100 for basic wall-mounted units to over \$3,000 for specialized outdoor models. However, understanding what drives these costs will help you make a smart buying decision. Use our Cost Calculator for cost estimate examples customized to the location, size and options of your project. Home Ethernet installation costs typically hinge on cable runs, in-wall versus surface mounting, and the chosen networking hardware. By following this guide, you will learn how to create a well-organized and efficient home network wiring cabinet that will not only improve the performance and reliability of your network but also make troubleshooting and maintenance much easier.
