

# **S5560 Optical Module**

## Overview

---

H3C S5560X-EI series switches provide 24 or 48 Giga and 4 fixed 10GE ports onboard with one expansion slot, supporting up to 9 types of interface cards like 2-port 10GBaseT / SFP+; 8-port 10G SFP+ card.

## S5560 Optical Module

---

# H3C S5560 High Performance Ethernet Switch

---

Overview H3C S5560-EI is the latest development of Gigabit speed Layer 3 Ethernet switch. This powerful and highly secure series switch is based on industry-leading high performance hardware

## H3C S5560X-EI Series

---

H3C S5560X-EI is a series of intelligent scalable GE switches with outstanding performance, high port density, and ease of installation. It offers the following benefits:  
Industry-leading high-performance

## H3C S5560 High Performance Ethernet Switch

---

H3C S5560-EI switch series supports multiple PoE modules for flexible PoE output selections, single switch can provide total 1440W PoE power, can provide 30w per port and total 48 ports PoE+ function.

### 1234

---

In H3C open application architecture (OAA), the switch can accommodate high-performance OAP modules to offer dedicated services such as firewall, IPS, or load balancing in addition to

## Programmable Bidirectional RF over Fiber Transceiver

---

User-friendly RFoF software enables adjustment of the RF and Optical parameters, such as: link gain, noise figure, P1dB, optical power, LED indication and module information - either locally or remotely.

## Support

---

To seek help, please contact us. 1. Only authorized users can view the locked document. 2. If you are a customer of H3C products, please contact the agent to get the corresponding version. 3. If you are a

## Support

---

The S5560X-30C-EI switch comes with power module slot 1 empty and power module slot 2 installed with a filler panel. You can install one or two power modules for the switch as required.
