

South Korean Government and Enterprise Smart Distribution Box Manufacturer

Overview

KEC Device, a key player in Korea's semiconductor and electronics ecosystem, serves both as a manufacturer and the operator of the Gumi Smart Logistics Center, a government-backed initiative designed to modernize supply chains for regional SMEs. South Korea has emerged over the past several decades as a leading manufacturing economy and the country is in an optimal position to remain competitive in the era of the "Fourth Industrial Revolution" (also known as "Industry 4.0"). Schneider Electric Korea has been registered as an official supplier on the Ministry of SMEs and Startups' smart factory project management system. With deep expertise in automation planning and implementation, ZIN Corporation partnered with Hai Robotics to deliver a customized solution that meets the. This expansion is fueled by rising demand across industrial, commercial, and technology-driven applications.
