

Swiss Recessed Fiber Optic Connector

Overview

These fibre optic contacts, combined with our Push-Pull locking and IP68 sealing, offer a compact and ergonomic solution for many applications such as Datacom links in demanding environments (vacuum, medical, outdoor), deployable telecommunications networks, test and. Built on decades of precision engineering, DIAMOND SA offers fiber optic products that set the standard for performance and reliability. From proprietary ferrule technology to custom assemblies, we deliver solutions that meet the highest demands. A fiber optic connector is a mechanical device used to align and join optical fibers, enabling light to pass through with minimal loss.
