

# **Ukrainian hybrid optical and electrical cable G 657A1**

## Overview

---

657A1 LSZH 100N is designed for installation inside buildings, in risers, attics, basements, pipelines, in boxes, along skirting boards, in offices and apartments. It can be easily attached to any flat surface, and is easy and convenient to prepare and. ITU-T (International Telecommunication Union) defines several single-mode fiber standards, including G. This method is in accordance with the rounding method of ASTM Practice E29 (Standard Practice for using significant diEasyBand® G657A1 bending insensitive single-mode fibre encompasses all the features of FullBand® fibre and provides good resistance to macro-bending. Product class (ETIM) Data and communication cable (EC003249) Number of cores 8 Suitable for underground installation no Material outer sheath Other Colour outer sheath White Reaction-to-fire according to EN 13501-6: Class Dca Reaction-to-fire according to EN 13501-6: Smoke production s2.
