

V Series Distribution Box

Overview

Ensure optimal circuit protection with our UL-certified power distribution boxes, designed for commercial and industrial use. Featuring IP65 waterproof enclosures, modular DIN-rail design, and fire-resistant metal casing. These distribution cabinets are used to distribute energy to downstream site distributors and to supply consumers with power via terminal connections or connectors. Distribution boxes with M8 and M12 connection cables made on both sides facilitate the wiring of sensors and actuators (short cable routes and less wiring effort).
