

What is an AZE distribution box

Overview

AZE's Outdoor Fiber Optic Distribution Box is applicable in FTTH project and suitable for building's outer walls application; They can distribute cables after installing splitters and also can draw out room fiber optic cables by direct or cross-connections. AZE designs and manufactures data center infrastructure solutions products: Server Racks & Cabinets, PDU, KVMs, Connectivity, Aisle Containment and provides professional services and technical support. It is commonly used in homes, businesses, and industrial settings to control and protect electrical circuits. Discover AZE's durable and weatherproof Integrated Outdoor Enclosures, designed for harsh environments. Featuring corrosion-resistant materials, advanced thermal management, and customizable designs, these NEMA-rated enclosures are perfect for energy storage, telecommunications, and industrial.

What is an AZE distribution box
