

# **What type of enterprise is an optical fiber cable factory**

## Overview

---

The fiber optic cable manufacturing industry focuses on creating innovative solutions for high-speed data transmission. Companies range from large corporates to smaller firms, producing a variety of products such as cables, connectors, and accessories essential for. What type of cable, as defined by the NEC, contains both single-mode and multimode optical fibers within the same jacket?

Which small form factor connector style requires special adapters and cleaning material?

\_\_\_\_\_ can disrupt the operation of the laser in a transmitter.
