

# Where is the Guardian Wireless Module

## Overview

---

You'll be jumping about 800ly out of the bubble to a Guardian site in Synuefe NL-N C23-4 and landing on Planet B3. There's a "Guardian Structure" Nav Marker that you can spot from 1000 ls away to guide you in. A Guardian Module Blueprint Fragment is an Encoded Material used to unlock Guardian -tech modules through the Technology Broker. It can only be obtained by successfully activating an Ancient Data Terminal and scanning its core. The official unofficial subreddit for Elite Dangerous, we even have devs lurking the sub! Elite Dangerous brings gaming's original open world adventure to the modern generation with a stunning recreation of the entire Milky Way galaxy.
