

Workshop Cable Tray Price Inquiry

Overview

Basic cable tray systems cost \$3-15 per foot depending on type and material. Installation labor adds \$5-8 per foot to total project costs. Ladder trays typically cost 20-30% less than solid bottom systems. Bulk orders of 1000+ feet can reduce unit pricing by 15-25%. Regional variations exist. This growth is fueled by the need for organized and secure cable management in industrial, commercial, and residential sectors. The selection of the method of carrying wires is based on two points: the cost of the components and the cost of work. Cable tray installation cost per meter varies by specifications; GangLong Fiberglass offers kits for raised floor system and facility needs.
