## Overview

---

FIMPXL is ready for splicing and it already contains a splice tray, couplings, pigtails, and cable gland. Regarding different couplings, you can choose from SMA, ST, SC, LC, FC-PC, SC-RJ. With their compact and uniform design, the splice boxes for both the DIN rail and 19" mounting provide ample interior space for the secure connection of fiber optics. This includes bulk cable, cable assemblies, cable management products, cable connectors, fibre splicing materials, outside plant, testing equipment and many other tools. Local FttP operator E-Fiber is one of the major challengers on the Dutch FttP market, with more than 100K homes passed. The Kuuleyn 24-Core Fiber Optic Splice Enclosure is a high-strength, IP68-rated waterproof box designed for secure and organized fiber cable connections. Made from corrosion-resistant reinforced plastic, it offers scalable storage with adjustable layers and protects fibers from environmental.
