CablesTEC's Direct Attach Copper Cable (DAC) is the lowest cost solution for creating 10G-800G high-speed interconnect links for server/switch networks. DSFP host application reference circuit where a DSFP module is plugged into the host shown in Figure 14. The logical host control signals are designated as H\_RSTn, H\_INT, H\_LPWn, and H\_PRSn and the logical module control signals are designated as M\_RSTn, M\_INT, M\_LPWn.
